“
It's said that when one faces death, one sees its own life as a film. In this book, the reader accompanies the main character in this allegorical and exquisite journey.
 Short episodes, quick read, highly emotional, from sensitive to grotesque.
 ”

Someone is lost and explains what is happening to him in a place he does not know.

Trying to find his way back, in his line from diagnoses to death, he discovers amazing places and encounters a group of unique characters who often relate to people he has met or to experiences that have marked his life. That is why the journey he makes, with a pre-

cise memory, is both a return and a discovery; if it takes on an increasingly initiatory air it is because the story points to the undressing of the essential things.

Narrated from short and striking scenes, chiseled in a poetic and concise style, *Torno a casa* (Back Home) invites the reader to a travel from which no one has returned. A journey to the heart of the mystery.

Jordi Coca tells not only the life of a cat but he explains how your own life is entirely changed. And wonders if one can love a cat as if it was a person.

A house, a town, Barcelona, the theater, the couple and a cat. And the life that goes by. A story about loving and the difficulty of doing it, about truth and experience, about desire, loneliness and lack of communication.

”

“Maybe you want a cat? I have quite a few that are so beautiful and I don't know what to do with them. If I cannot find them a house, they will have to be killed.”

And so, this suddenly, a light fur cat, Cloudy, bursts into the life of a couple newly installed in a town house. Living with the cat allows the narrator to discover that this little being is intelligent, has a personality and ex-

periences mood swings. And he also realizes with astonishment that the cat is looking at him with an air of absolute dignity.

The works of Anton Chekhov and Cesare Pavese resonate in this novel by Jordi Coca in which, between reality and fiction, the force of life and falling in love prevail as the main protagonists through Cloudy, a good, noble and innocent being.

This is the story of three bubbles: of a girl who isolates herself, of a mother who doesn't know how to help her and of a boy who, for some time and a distant space, will be the key to everything

A book on what it means to be normal.

“A brave book that with delicacy manipulates sentimentalism, as following what Poe said in *The Philosophy of Composition*. [...] A pleasingly honest way of making literature.” EL PAÍS

A solid book with well-differentiated narrative voices. NÚVOL

The story of a mother and daughter who struggle to adapt to their circles.

Seven-year-old Rita has serious communication problems at school. She has invented a bubble that protects her from those around and she lives in its silence. She doesn't talk to anyone. On the other hand, at home, she can't stop doing it. Anna, Rita's mother, lives trapped in a bubble of guilt. Dazed by her work, by her concern for Rita, and by the memory of a daughter who died in her belly mid-pregnancy, she cannot write. The story of David Vetter, an American boy who lived for twelve years locked in a plastic bubble because his immune system did not work, will help mother and daughter overcome their fears and vulnerabilities and get out of the invisible prisons that have been built.

Fàbregas elegantly navigates complex, current, human and universal themes, and dresses them with profound narrative simplicity.

The time of brave women

In her literary debut, Caterina Karmany tells the story of three generations of brave women who, thanks to friendship and their drive, overcome adversity.

A women's novel with a good story, real characters, and the most attractive setting: post-war and present rural Mallorca.

When Margot, an advertising photographer, returns to her hometown in the interior of Mallorca, her past explodes in her face. After the death of her parents, she lived there with her grandmother Joanaina. The house in which she now lives still preserves the smells of her recipes and, in a corner of the garden, the two pomegranate trees.

“**A captivating novel that with tragicomic situations deals with heartbreaking issues with a fresh and direct style.**”

Little by little, her neighbor Francina will let Margot know about the past of that strong, uneducated woman who worked as a cook in rich houses and will reveal to her some forgotten events that took place during the post-war period on the island. And, as Margot reconciles with the town where she grew up and recovers her three lifelong friends -who like her also live trapped by certain personal and work circumstances- her life takes a radical turn. As her grandmother, it is time for her to trust in her talent and fight for her dreams.

Compared to *Patrick Süskind*, *Zola*, *Albert Sánchez Piñol*, *Montaigne*, *Jules Verne* or *Calvino*.

LA VANGUARDIA:

«With a branch of Italo Calvino, another Montaigne's essays and one of Robinson Crusoe. [...] Compared to Sánchez Piñol.»

Assiscla Xatot is born in Perpinyà in 1852 with a very special ability: a gift that allows him to acquire any language as soon as he hears a single word. Xatot is involved in the riots of the Paris Commune and is deported to New Caledonia, where he will be adopted by an indigenous clan and named his particular storyteller.

Following the patterns of picaresque and adventure novels, Joan-Lluís Lluís brings into question the survival of languages, what's evil, ambition, servility, colonialism, ideals betrayed, fate, chance, what is 'wild' and what is 'civilization'... all through a precise and beautiful language and an absorbent and fast-paced rythm.

Among the most classic adventure and the literary genre, a particular trip of a young Catalan with a unique talent.

With a realism mixed with the fables and fantasy of local legends, Joan-Lluís Lluís deals with difficult issues such as suicide, sexuality, mental health, identity and belonging.

It has the enigmatic spell of the best dystopian fictions.

”

After eight years of exile for having committed an immoral act, Bernadette Boher returns to Prats de Molló because her mother has committed suicide. Her journey will force her to face ghosts of the past: the motives of the mother, the troubled relationship with her father, and an interrupted love affair with Daniel.

But beyond the plot, the interest of the novel lies in the creation of a very particular atmosphere. The setting is a Prats de

Molló closed to the world by the double protection of the walls and ancient legends, a place ruled by fear and obedience to the French army --the same army who took over the town in the 18th century.

But the bear party is coming, an opportunity to unleash repressed instincts. And a concern seizes the town: the beast has been seen and legend has it that when a bear comes back, the entire town will be disrupted.

«A PERFECT NOVEL THAT WORKS WITH FEW ELEMENTS, THAT VINDICATES THE LOCAL IDENTITY AND THAT MANAGES TO SAY MANY THINGS.»

Salvador Togores, literary translator, goes to Switzerland to make a stay at a translator's residence just a year after his father's death. There, by surprise, he finds Bachtel, the famous writer who had disappeared from the public eye for many years and author of worship. In the past, Markus Bachtel had been a close friend of the Togores family, especially of the father, but the relationship broke up abruptly and painfully. During a series of nights, Bachtel, like a modern Sherezade, reveals the incredible story of his life and the reason for his escape and disappearance.

Thriller, science fiction or dystopia? A novel that defies the concept of genre.

She doesn't remember anything. Sara woke up in an abandoned building a few days ago and her life has been a nightmare ever since. She is twenty, foreigner and now she is forced to wander around an increasingly dehumanized hostile Barcelona. Unaware that she is being watched and wanted dead, Sara looks for the clues to understand who she is, what happened, and why she has a power that makes her fearsome. Juli, a journal-

ist in crisis capable of clinging to any powerful story, has witnessed this power, and with his help and that of Enric, a young man in love with her, Sara sets out for the most dangerous journey through a territory devastated by the ravages of climate change. With an agile style and a narrative skill worthy of the best literary debuts, Plans catches us in a brilliant road movie that gives the reader no respite.

PORTELL CONFIRMS HIS LITERARY TALENT. ONE OF THE BEST NEWS THAT CATALAN LITERATURE HAS LIVED IN RECENT YEARS.

With echoes of Woolf's famous treatise on gender, Portell creates a human being that goes beyond gender dualities. Ariel is neither a man nor a woman, and cannot be defined with outdated lexicon.

When asked if he is a man or a woman, Ariel doesn't know what to answer. He has been told that he has a body and that this body could fall in love with other bodies, but Ariel's experience is always different. Ariel And the Bodies is the story of a character who exists and loves in a different, elusive, always provisional and disconcerting way.

Told in a series of psychiatric sessions, a madman's journal, poetic descriptive attempts, "soul footnotes", emails, letters never sent, drafts of a novel that reads like a dark fairy tale, and plenty of blank spaces.

This is a Barcelona story told by a God in low hours that seeks the complicity of the reader to present Mr. Folch, a man born in 1942 in highly peculiar conditions and who is graceful with superhuman powers.

Bastard son of a despotic and unscrupulous bourgeois, Mr. Folch discovers that he has unusual powers. However, he does not take advantage of them the way his mentor and father in the shade, God, would like. Mr. Folch comes into contact with spiritualist circles and also with the clandestine struggle against dictator Franco. A translator leaves Ukraine because of the war and returns to Catalonia, where everything has changed for her.

”

MORE THAN 15 YEARS AFTER HIS LAST NOVEL, TORNER IS BACK TO FICTION WITH A LITERARY NOVEL ON LIFE, WAR, TRANSLATING AND CHANGING RELATIONSHIPS.

The Russian military invasion forces Rosalia to leave the city of Lviv –where she works as a translator– and return to Barcelona. Back home, she discovers that everything has changed for her. She no longer understands her ex-husband, nor her relation with their mutual friends, who have always been linked to the peace movement.

The news of the war and the calls to Ukrainian friends capture her attention, to the point of feeling like a foreigner in Catalonia, which she sees as a country stuck in a morass.

But two voices keep her company. That of her father –who died months ago–, with whom she begins a nocturnal dialogue that reveals aspects of herself, and that of the writer who was translating when the war broke out, Isaac Bashevis Singer, who guides her through the paths of irony, protest and compassion.

Day by day, week by week, Rosalia rebuilds her relationship with her youthful friends, with whom she will establish a bridge with the voices that come to her from Ukraine.

AN APOTHEOSIS OF HISTORY, SCIENCE AND MAGIC SET IN THE PYRENEES!

HIGH LITERARY TRAITS BLENDS WITH COMMERCIAL TO MAKE THE PERFECT NOVEL, BY ONE OF THE MOST ORIGINAL AND SOLID VOICES OF CONTEMPORARY CATALAN NARRATIVE.

A surprising novel, with humor and action, where science and the darkest arcana share a unique setting, haunting and full of beauty: the harsh mountains of the Pyrenees.

Spring of 1837: incredible events shake the severe mountains of the Pyrenees.

In 1997 Albert Villaró was municipal archivist of La Seu and he received from the hands of the widow of an antique collector the diary of Ulrich von Wilamovitz, a Prussian soldier, erudite violinist and botanist who participated in the First Carlist War. The notebook describes the incredible events that took place during the terrible spring of 1837 and that the soldier's unique traveling companions lived with him: Osinalde, a liberal doctor; the enigmatic Mina, their young guide; and Father Cebrià, a monk who escaped from the Montserrat monastery.

In the late 1940s the Civil War is over, and Franco is still very much in charge. Prullas, a once-popular playwright, pursues a crowded life in the stifling city.

Of a stylistic virtuosity as playful as uncommon, this novel constitutes the catalog of voices of an infamous time and an inventory of the forms that morality acquires when the need squeezes in an inefficient old country. The bourgeois glare is opposed to the obscureness of the underworld.

Although he initially began studying engineering, he eventually dropped out to enroll the most recognized Arts School in Barcelona, Massana, where he graduated. His final project was this book, which was awarded the Eva Toldrà Award for Illustration 2018. At present, Jordi Barenys is trying to make a hole in the world of illustration, with a impulsive and simple drawing but always with a touch of humor.

“Illustrated scientific concepts through day to day situations.”

Science constantly bursts into our day to day and you don't have to be a scholar to understand how the most basic things of the universe work.

Confirm it is possible by staying with Newton in his 31 days of scientific immersion.

THE JURY:

“For its original and didactic way of relating science and illustration, creating a book of scientific divulgation suitable for all ages.

A book well structured and intelligent.”

Antoni Campañà

(Arbúcies, 1906 - Sant Cugat del Vallès, 1989) was a Catalan photographer. He spent his childhood in Barcelona, where his father worked, and as a young man worked at a photography shop where he made contact with photographers of the time. He made several photographic series of the Spanish Civil War, but the strong feeling of bitterness of his work made it not to be spread widely. He died on June 28, 1989. His works can be seen on display in the permanent collection of the National Art Museum of Catalonia.

- ✓ BARCELONA IN WAR
- ✓ THOUSANDS OF PHOTOS HIDDEN IN 2 FORGOTTEN RED BOXES
- ✓ CIVIL WAR AS YOU'VE NEVER SEEN BEFORE

A totally unexpected discovery. Hidden at the garage's bottom of a house about to be demolished, two red boxes appear with more than 5.000 photographs that Antoni Campañà (1906-1989) took during Civil War. He made these pictures invisible for the remaining years of his life and after dying in 1989 the two boxes remained forgotten. His grandson found the archive by chance in 2018.

“ Shocked by the brutality of the conflict, Campañà never wanted to publish this Barcelona in war pictures in life.

“ A short manifesto written from jail. ”

WHEN INJUSTICE IS THE LAW, CIVIL DISOBEDIENCE IS A RIGHT

Jordi Cuixart made his imprisonment a tool to denounce the repression and defend human rights.

We'll Do It Again is a personal and collective manifesto, vital and political, meditated after more than 20 months in prison. An emotional manifesto but rigorous, direct and brave, which leads us to lose our fear and conscientiously exercise the fundamental freedoms threatened in Catalonia and throughout the world. It invites us to the permanent nonviolent mobilization. Because when injustice is the law, civil disobedience is a right. When you have been robbed of freedom as a result of an injustice, what do you have left? You have the possibility of obeying your conscience and not falling into resignation or frustration. Jordi Cuixart, the 10th president of Òmnium Cultural, has decided to transform the sadness and gray of a cell into the best speaker of the shared struggle human rights.

IT IS: A CALL TO FUNDAMENTAL RIGHTS
IT IS NOT: A LOCAL POLITICAL ISSUE

Foreword by **Jamila Raqib**, Executive Director of the *Albert Einstein Institution* in the US, dedicated to promoting the study and use of nonviolent action.

WHO IS JORDI CUIXART AND WHY WAS HE IN PRISON FOR?

A CIVILIAN IN FRONT OF A LEGAL CULTURAL NGO WITH MORE THAN 180.000 MEMBERS WHO WAS IMPRISONED IN PRE-TRIAL DETENTION FOR HAVING LED A DEMOCRATIC NON-VIOLENT DEMONSTRATION.

International calls for Jordi Cuixart's freedom.

Amnesty International

"Jordi Cuixart must be released immediately and his convictions on the charge of sedition must be quashed. The Supreme Court's interpretation of the crime of sedition was overly broad and resulted in criminalizing legitimate acts of protest."

Ai Weiwei, Artist and activist in exile (China)

"Jordi Cuixart has an amazing spirit, like an artist. Prison has made him stronger."

Ken Loach, Filmmaker (UK)

"I hope Jordi Cuixart will be released soon from this unjust imprisonment."

Noam Chomsky, Linguist and activist (USA)

"Jordi Cuixart is a political prisoner. A person detained for exercising the right to freedom of expression is a political prisoner."

Jody Williams, Activist and Nobel Peace Prize 1997 (USA)

"State has made Jordi Cuixart a political prisoner because they want to send the message that human rights are at risk."

Angela Davis, Philosopher and activist (USA)

"We urge Spain to release the nine Catalan prisoners and to solve this political conflict through dialogue."

Nora Cortiñas, Activist and co-founder Madres de la Plaza de Mayo (Argentina)

"Jordi is in an unfair jail. I've seen it full, convinced. We are in the same fight."

Jason Y NG, Activist and lawyer (Hong Kong)

"Anywhere in the world needs icons like Jordi Cuixart to defend freedom of expression."

Jennifer Clement, PEN International

"PEN International calls on the Spanish authorities to release Jordi Cuixart immediately."

Andrew Anderson, Front Line Defenders

"We are fighting for the freedom of a human rights defender who has been sentenced to 9 years in prison for organizing a peaceful demonstration."

Pep Guardiola, Football Manager (Catalonia)

"I dedicate this victory to Jordi Cuixart and Jordi Sánchez. Hopefully they can leave soon because now it's like we're all a little bit there."

Cover Letter by Jordi Cuixart to foreign publishers or readers.

Dear Reader,

Life is meaningless, you give meaning to life. And after 850 days locked in a cell I've learned that even in prison you can somehow find happiness, and fighting for freedom is a privilege.

My name is Jordi Cuixart and I am a Catalan political prisoner in Spain. The Supreme Court sentenced me to nine years for leading a peaceful demonstration and urging participation in a referendum, i.e. for exercising the right to protest and freedom of expression as Amnesty International has made clear.

Being in prison has only strengthened my democratic convictions. I haven't been aiming to get out of prison fast but, more than anything else, to leave with dignity. And, in reality, I am in prison for being the president of Òmnium Cultural, one of the largest civil society organisations in Europe with 185,000 members.

In these dark days, when our planet is crumbling from the climate emergency, and thousands drown in the Mediterranean seeking better lives, while hate speech spreads and strengthens, and women are still fighting for equality, we must never forget our responsibility to defend human rights. We can't afford despair. Let's leave pessimism for better times. Prison has given me an opportunity to fully understand the real power of culture, and to love all that we have as human beings.

We'll Do It Again aims to be a cry for hope, to clamour against resignation and frustration, a call for nonviolent action and freedom, but far from giving lessons or establishing dogmas. It is a tribute to all those who struggle for a world that truly belongs to everyone.

Yes, we'll do it again, we'll exercise those human rights that led to my imprisonment, for the sheer love of life.

#FAQS

The border between science and pseudoscience is easy to cross and difficult to distinguish. The proliferation of pseudoscientific ideas and their dissemination through social networks is an undeniable fact that has repercussions on everyone's daily life.

We find examples in the field of health, in conspiracy theories, in fortunes and predictions of the future and in many other day-to-day topics. People are vulnerable to these ideas and beliefs, which can determine important decisions at many moments in life.

To delimit this border, it is useful to know the meaning of some concepts that this book talks about, such as placebo, clinical trial, "double blind" study, chemtrail, reiki, palmistry or memory of water, among others.

Núvol

Not a step back: the feminist revolution continues.

With this informative essay, Gemma Lienas continues to give voice to a feminism that does not want to be overshadowed. From the gaze of a girl who was born in the early 1950s, who was a young woman during the transition from dictatorship to the early years of democracy, and elder at the time of the organized attacks against feminism, the author evokes the history of a generation of women who fought for equality between women and men to be legal and real.

A book full of information, thoughtful, serene, personal, that portrays a historical struggle of some women who, like her, had to start breaking stones in a field in which the open roads were sporadic and that now, as older, continue in the fight and see the future somewhat uncertain.

Pages that are also intended to be a memory for young women, so that they do not forget that the rights won by women are fragile and can be lost at any time.

The fight of mankind against the invisible enemies.

COVID-19 has made us all aware of the fact that we live in a world full of invisible enemies. Normally, we don't even realize they're there, but from time to time one of these microscopic creatures becomes powerful enough to turn everything upside down. What are these invisible enemies, and how can we prepare ourselves for the pandemics of the future?

A specialist in the cellular biology of diseases, Salvador Macip explains, in a language everyone can understand, what it means to share the planet with millions of microbes – some wonderful allies, others terrible foes. He provides a concise account of epidemics that changed history, and focuses on the great modern plagues that are still causing millions of deaths every year, from influenza, TB and malaria to COVID-19.

The glutton is victim and guilty. Gluttony has gone from being an offense to God to being a social sin.

Except on that days when lack of control is allowed, and apart from those who have a bull thanks to their position, boundless gluttony is usually considered bad taste. Gluttony has mutated in disease: it has jumped from voluntary vice to hereditary misfortune, from the sin of the rich to the sin of all, from individual depravity to social tendency. We have socialized the virtues, but also the tares.

With highly expressive prose, Adrià Pujol makes a very unique journey around gluttony through the West literary, cinematographic, artistic and iconographic tradition.

The chronicle of one of the most devastating tragedies in the history of the Pyrenees: the last person sentenced to death in Andorra.

This is the story of a fratricide that shook the Pyrenees.

In 1943, Andorra was trying to resist the attacks of the European powder keg. Spain was immersed in the worst post-war period, with the republican exodus underway and fascism prevailing proudly; France was under the occupation of Nazis, who were especially interested in the Andorran mountains. In this context, and in between them, the most notorious crime in the Andorran black chronicle took place. Months later, the brother who remained alive was sentenced to death and humiliated in the public square. Which death was more unfair? This book is the attempt to give an answer.
